

GIVING ONLINE WITH BANKUET: HARVEST 2021

Thank you so much for planning to collect food to share with local people and families in hardship this autumn. We're still seeing high levels of need in our community, and your generosity this Harvest will go a long way to helping us meet this need.

This Harvest, we're partnering with the food bank donation website, Bankuet, to offer a way for schools and churches to go digital for your Harvest food collection. As the pandemic continues, it's also a simple, safe and impactful way to support people in crisis in our community.

You can support Wandsworth Foodbank by setting up a campaign on Bankuet's website. Visit www.bankuet.co.uk/harvest-festival for everything you need to know, and to sign up. You'll be able to access a range of resources and support with fundraising too.

Make sure you select 'Wandsworth Foodbank' as the food bank you want to support!

HOW DOES A BANKUET HARVEST WORK?

Register your organisation to run a Harvest campaign with Bankuet

We'll email your resource pack and set up your campaign code

Your community donate and we update you on your impact

Once your community has completed your Harvest campaign, Bankuet will let both you and us know the outcome. As a food bank, we'll then be able to place an order of the food items we most need – and Bankuet will arrange for them to be delivered to us, ready to give to local people and families referred to us in hardship.

THANK YOU!

Wandsworth Foodbank is run by St Mark's Church Battersea Rise in partnership with local churches across Wandsworth Borough, as part of Junction Community Trust. Registered charity number 1149780 | Registered in England and Wales
